

# JESSICA MISRA

Software Engineer

## SUMMARY

Enthusiastic, collaborative, software engineer with a deep interest in cloud computing. Successful track record of creating and implementing front and back end web applications. Looking to bring my skills to a financial company with global reach.

## WORK EXPERIENCE

### Software Engineer at 100devs, Los Angeles, CA

August 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications averaging increased engagement for our customers by 33%.
- Built semantically structured full stack web applications using best practices.
- Applied agile methodologies like SCRUM for project management.

#### Recent Projects:

**Chicago Readers Society Book Tracker (Fullstack Web App)** – Fullstack web app that creates a profile to let you keep track of the books you've read.

- CRUD app with authentication
- Hits the Open Library RESTful API

**Coffee Chat Rolodex (Fullstack Web App)** – Fullstack web app that collects contact info of all the people you've met so you can meet up again.

- CRUD app with authentication

**Other Projects:** Chicago StarGazers Society Picture of the Day Web App with NASA API integration and On-demand background color changer for Partnered Twitch streamer

### Full Stack Web Developer | Chicago, IL

August 2022 — Present

Created full stack web applications and static websites for different clients across small and medium size businesses with a fully functioning content management system. Consulted on SEO and social media strategy. Some clients included:

Julie Hardesty

Holly Ekas

## VOLUNTEERING

### Code Your Dreams | Chicago, IL

February 2023 — May 2023

Aided in the instruction of 20+ high school students to create their own community based web applications using MIT App Inventor.
